

Dear Parents,

We understand that this a challenging time for everyone and that the practicalities of home learning may be difficult for a wide range of reasons. Please be assured that there are no expectations on the quantity of work that is achieved and that the guidance and suggested activities set out below have been chosen to support your child in home learning and are not there to add additional pressure or stress. Please complete as much or as little as you can and once your child returns to school, the staff will ensure they are fully supported in catching on any missed learning.

We love, respect and value each other

Y4

Lockdown Learning

Commencing Wednesday 6<sup>th</sup> January 2021

Please find below a list of suggested activities for child to complete this week based on the lessons we would be covering in class.

All children should have a login and password sheet to give them access to any online resources. They have also been provided with a selection of CGP books which they can complete if they are unable to access any online resources.

There is also the option to access our in-class lessons via a Microsoft Teams session with Mrs McNally. Please let Mrs McNally know as soon as possible if you wish to do this so that the appropriate meetings can be set up and the relevant materials be placed in your child's Teams folder. General documents can be located in the Teams Class Contents Library.

Please do not worry if you are unable to join the session, your child can complete the alternative activities below.

If you have any queries, please send it to the Y4 email address [y4-stgodricsrc@durhamlearning.net](mailto:y4-stgodricsrc@durhamlearning.net)

#### Ongoing Activities

Complete any pages from 1 - 11 of your Maths CGP Workout book as they are topics we have already covered in class.

Keep practising those tables and spellings using Times Table Rockstars and Spelling Shed!
