

Out and About with Y4

It has been an extremely busy start to this academic year in Y4. We have all been attending weekly swimming lessons at Freeman Quay and are becoming more confident and stronger swimmers. Our favourite journey was when we travelled in a double decker bus and Mrs McNally sat upstairs with us. We made lots of people smile when we waved to them from our elevated seats!

We have also been commissioned as Mini Vinnies. Throughout the year we will be taking part in activities to support the St Vincent de Paul Society in our local community. We can't wait to 'Turn Concern into Action'.

The highlight of our term so far has been our school trip to The Great North Museum. We investigated ancient Greek homes and what the different areas were used for. We were fascinated with the different toys the children in Ancient Greece used to play with. Many of the toys are like our traditional toys today but made from different materials. We especially liked the knucklebones!

We love, respect and value each other.
